Education

SRM Institute of Science and Technology , Kattankulathur, Chennai	2023 – 2027
B.Tech, Computer Science and Engineering	CGPA: 8.92/10
R.R. Morarka Public School , Nagina, U.P.	2021 – 2023
Class XII, C.B.S.E. (PCM + IP) – 87.8% Class X, C.B.S.E. – 92.8%	

Experience

ML Intern <i>SpazorLabs</i>	Jul 2025 – Dec 2026 Chennai, India
- Developed and deployed ML models into production, owning end-to-end model lifecycle: data pipeline design, versioning, evaluation, and retraining triggers. - Containerised and deployed AI-driven features using Docker, improving business decision-making speed and accuracy.	
Frontend Developer Intern <i>Runverve</i>	Feb 2025 – May 2025 Chennai, India
Built and optimised cross-platform mobile screens using React Native, delivering pixel-accurate, production-ready UI components through collaboration with design and backend teams.	
Technical Trainee <i>B.S.N.L (BSNL)</i>	Jun 2025 – Jul 2025 Dhampur, U.P., India
Analysed large-scale telecom infrastructure, gaining hands-on exposure to network security, system reliability, and scalable architecture decision-making in production.	

Projects

Intelligent Financial Capital System <i>Python, FastAPI, Scikit-learn, NumPy, Pandas, Docker</i> [Live API Demo]	Jan 2026 – Feb 2026
Designed and deployed a production-grade FastAPI service assessing startup creditworthiness via ML-based probability of default modeling, automated PDF reports, and financial visualisations.	
BhoomiLedger <i>TypeScript, Solidity, Node.js, ethers.js, Polygon</i> [GitHub]	2025
Built a decentralised land registry on the Polygon blockchain for tamper-proof property registration, ownership transfers, and inheritance documentation using Solidity smart contracts.	

Technical Skills

Languages: Python, C++, JavaScript, TypeScript, Java, C, Solidity
Frameworks & APIs: FastAPI, Node.js, Express.js, React Native, REST APIs
Data & ML: Scikit-learn, NumPy, Pandas, Matplotlib, MLflow, Data Preprocessing
DevOps & Tools: Docker, Kubernetes, Git, GitHub, Linux (Ubuntu, Kali), VS Code, SAP S/4HANA
Databases: MongoDB, SQL

Certifications

MongoDB Associate Developer MongoDB	Apr 2026
Generative AI with SAP SAP	

Extra-Curricular & Leadership

Sponsorship Associate Head – Codenex Club, SRMIST	Sep 2024 – May 2027
Secured industry sponsorships and partnerships for Hackathon Day 0 (3000+ participants), expanding event budget and cross-functional execution impact.
